A driven Frontend Developer with a strong foundation in software development, I am eager to contribute my technical skills and creative insights to a dynamic team. Known for my ability to rapidly assimilate new software and technologies, I bring an experienced approach to effective communication within collaborative environments. Seeking a role where I can positively impact projects and contribute to the success of the team.

## Work Experience

### Frontend Developer and Quality Assurance (QA) Intern

HawkAi Pvt. Ltd. - Anamnagar, Kathmandu

March - August 2023

- Revamped company's official website with Next.js, Hygraph, and TypeScript, enhancing responsiveness and efficiency.
- Managed diverse client projects, including the development of management systems and portfolios.
- Led content creation efforts for company and client projects, optimizing user engagement.
- Authored project proposals for client acquisitions, emphasizing project scopes and timelines.
- Conducted rigorous quality assurance testing on management systems using tools like JIRA.
- Implemented an organized bug tracking system using Google Sheets for streamlined collaboration.
- Contributed actively to team building, fostering a collaborative work environment for project success.
